

# Sail Sign Banner Tie Kit (Ring, Hook & Cord)

190712

## Product Parts

- 1 - Elastic Cord
- 2 - Ring
- 3 - Clip

## Display Set-Up

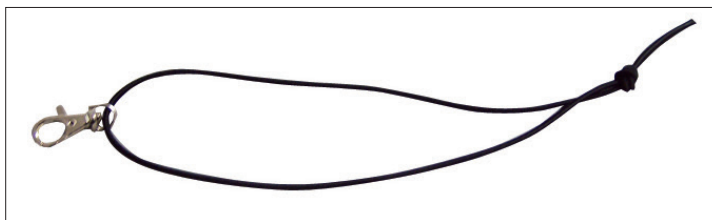

### Step 1

Remove the Ring (2) from the Clip (3). Connect the Ring (2) to the nylon loop on the bottom end of your banner's pole pocket.

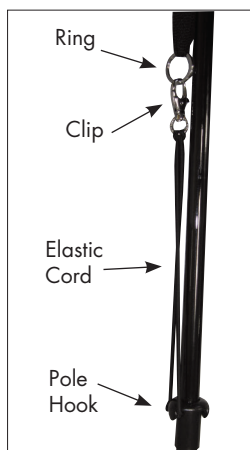

### Step 2

Put one end of the Elastic Cord (1) through the Clip's ring (2) and tie a knot in the Elastic Cord (1).

### Step 3

Attach the Elastic Cord (1) to the hook on the bottom of the pole and the Clip (3) to the Ring (2).

*Warranty Information: All products are designed to provide the user with a cost-effective and durable product. Standard warranty is a 'one year parts and labor' warranty which warrants product against defects in material and workmanship. It does not cover damage due to accidents, abuse, or normal wear and tear. Products found to be defective will be replaced or repaired at factory's discretion.*
